Hello,

Attached is the workgroup closure package for the RMP Reconsideration Final Rule, which contains the draft rule, draft RIA and a redlined version of the Part 68 regulations. The redline document is a support document that should be helpful for you to better see the changes being made to the regulatory text.

We will be holding a workgroup closure meeting on July 15 at 11 am in room WJC-N 6528 or you may join by

**Personal Matters / Ex. 6**

A meeting invite is forthcoming.

Personal Matters / Ex. 6

At the Workgroup Closure meeting, the position of each office/Region will be requested for this rulemaking. Each office/Region may take one of the following positions:

- If have minor, non-substantive comments, you may concur without comment.
- If have substantive comments, you may concur with comment.
- If you feel that a major issue remains unresolved (e.g., the action lacks legal authority or conflicts with other EPA rules or policies), you may non-concur. Non-concurrence indicates that the AA or RA objects to the action being forwarded to OMB.

Your office's/region's position should be provided **in writing** either prior to, at, or shortly after the Workgroup Closure meeting (within 2 business days). The position may be provided at the OD or higher level or by your RSC representative, if such authority has been delegated. See <http://intranet.epa.gov/adplibrary/documents/adpfardesignees-2018-06.pdf>

The response (an **email response** is preferred) should be sent to **me (with cc's to Jim Belke, Kim Jennings, and Patricia (Patty) Gioffre)**.

We anticipate the rule going to OMB in July for interagency review.

Thank you for your help with this rule.
